

# **MEDWAY BRIDGE MARINA QUESTIONNAIRE FEEDBACK**

VENUE: CLEVE WARNE HALL, 26 BORSTAL STREET, BORSTAL

DATE: 19<sup>th</sup> FEBRUARY 2020

1. Do you accept that given the recent planning history, the principle of a 5 storey height apartment building and the means of access (the latter which is already fixed by the permission) is accepted?

YES

NO

---

2. What do you consider are the most important factors affecting development at the Medway Bridge Marina, in order of priority to you (with 1 being the most important and 5 the lowest)?

The overall quality of the design

The proposed landscaping strategy for the grounds

Parking provision and the benefits of an undercroft parking area

Sustainable methods of construction

The choice of external materials

OTHER SUGGESTIONS

---

3. The scheme proposals benefit from a contemporary design approach rather than a traditional pitched roof design. Do you agree with this statement?

YES

NO

OTHER SUGGESTIONS:

---

4. Are you a local resident that immediately adjoins the applications site?

Yes

No

Continued...

If you answered yes to question 4 above, do you have any comments on the proposed window positions, siting of the building and the landscaping details that you have viewed today, or any other issue you would like to bring to our attention today?

---

---

---

5. **OTHER COMMENTS:**

a) Do you have any other design related comments?

---

---

---

b) Are there any other issues you would like to identify to the applicant to help reduce the impact of development, for instance during the construction stage such as the Construction Management Plan or the proposed external lighting scheme?

---
